

Welcome

Dear TIP Conference Delegate,

We are delighted you are joining us in a few days at the TIP Conference 2022. Together we are growing the network of policymakers, practitioners and researchers progressing the knowledge and action needed on Transformative Innovation Policy (TIP) to propel the world towards tackling climate change and creating a just, sustainable transition.

Joining the Conference

To [enter the TIP Conference on Monday 17 January](#) and onwards, please join the **Socio** platform that the conference is hosted on, please access the event **with the same email address you used when you registered** - <https://app.socio.events/MTMyODM/Announcements/183473>

Pre-Conference Survey

We invite and welcome your views in our brief [pre-Conference survey](#) which you can also access here: <https://socio.typeform.com/to/pMj9lvbO>

Donations to Support the Conference

It would be wonderful if you were able to [donate towards the TIP Conference](#). Building a network and knowledge infrastructure to support the action-research and change we need to see in the world takes collective resource. There is no registration fee, to keep the event as accessible as possible, but all [donations towards organisational costs are welcome!](#)

Getting the Best out of the Digital Conference

Here are a few pointers for you to get the most out of your conference experience on this platform:

1. As soon as you sign up on Socio, please **Create your profile** so other delegates know that you are attending, what you are working on and are interested in. Feel free to add connections that are interesting and reach out to them!
2. Plan your conference engagement by building **'My Agenda'** from the Programme by clicking the (+) button on the sessions you'd like to attend. The conference is orientated around five themes:
 - **Conceptualisation of innovation for transformative change**
 - **Experimentation for transformative change**
 - **Knowledge infrastructures for transformation**
 - **Policy and governance for transformative change**
 - **Transformative Missions**

The filtering button will help you navigate your conference journey across all days, so you build the pathway best suited to you.

3. We look forward to seeing you live at the **Networking Sessions!** These are held each day around the conference themes to bring together people who are interested in similar elements of TIP. A member of the TIP scientific committee will welcome you and run the same session all week to allow for deepening conversation and networks.
4. We'd love to hear your hellos, hopes, observations and contacts – our **Conference Wall** is ready so feel free to post!
5. Do check out the two **Conference Challenge Games** (one for pre-conference and one for during) to get more out of your interaction and to have a bit of fun. The victors will be announced at the opening and closing plenary, a small surprise awaits them!

If you have any questions, please email the team on TIPC@sussex.ac.uk

See you there!
